Subject: Brinkerhoff 3A UIC & Aquifer Exemption Application

Hello Chris,

Hope you're doing well!

Please find attached Underground Injection Control (UIC) permit application for the Brinkerhoff 3A, where Merit Energy seeks to convert well from an inactive Crow Mountain formation into a Class II, Type R injection well.

Also, by separate email we are submitting an Aquifer Exemption Application for the Crow Mountain Formation , as it is too large of a file to include with this email.

Please review the enclosed application and accompanying documents and notify me if you discover any deficiencies.

Best regards,

Michelle Yalung
